ELIGIBILITY

This show is open to Australian Miniature, Nuwby, Pygmy and Nigerian Dwarf Goats holding current and up to date registration with the MGBA. Pygmy/Nigerian Dwarf exhibits must be registered with DNA. Animals under 6months with DNA pending may enter with a copy of parent's MGBA registration papers. Exhibitors are required to produce a copy of registration certificate on show day with a signed copy of the show entry form to be eligible to participate in Breed Classes. All animals must comply with the CAE and Johnes testing as detailed in following biosecurity section. Animals must be owned or leased by competitor, who must hold a current membership with the MGBA. MGBA rules and regulations apply to goats at ALL shows. Competitor participation in events is at the MGBA discretion and all exhibitors are agreeing to the MGBA show rules and code of sportsmanship on submission of entries. Those not abiding by MGBA rules will be removed from the show and any wins forfeited. It is the competitor's responsibility to follow all DPI and governing bodies' State rules and requirements for tick/disease as well as movement of goats between states and to and from MGBA shows.

Animals are only eligible to enter in one breed type section classes. Please ensure that the breed and percentage is indicated on the entry form is the same as the animals registration papers.

TIME

**Sign In: 8.30-9.30am (All vehicles must be parked by 8.00am)**  
**Departure: anytime after judging has completed**

**Judging: 10.00 am**

EXHIBITS

MGBA Rules and regulations apply. Full Show Rules are a supplement to this schedule and can be found on the Miniature Goat Breeders Association Website: [www.mgba.com.au](http://www.mgba.com.au) MGBA Inc Breed Standards, Heights and Regulations will govern breed related issues IN ALL CASES. All Animals must be measured in prior to the commencement of judging and are to be brought up to the measuring station as directed by the steward. Animals not measured will not be permitted to show. All animals must follow Victorian tagging legislation and have NLLS ear tag in place and Identification must be confirmed prior to commencement of judging. (Any goat entering under dairy exemption must still have their ear tag present at the show). Animals should be good breed examples and must NOT have horns. All animals must be in healthy condition, free of ticks, lice and visible signs of disease or health problems. It is desirable that goats have been vaccinated. Exhibitors and handlers are to conduct themselves in an exemplary manner at all times. Abusive, disruptive or unsportsmanlike behaviour will result in the exhibitor/handler being excused from the ring, forfeiture of fees/prizes/awards & disqualification from competing in further classes. It is the exhibitor's responsibility to provide adequate food and fresh water for their animals for the duration of the show. It is condition of entry that the Best of Breed and Best In Show exhibits stand to be photographed, at the show under the direction of the steward, for recording & promotion of show results. Failure to do so will result in disqualification of exhibit, award/s being permanently removed & forfeiture of entry fees. Photos & results of classes / animals will be published as the Show Society / MGBA require. Any photo taken at the show may be used by the MGBA for future promotions.

All animals over 12 months must have tested clear for CAE and Johnes Disease within the past 12 months (1). All animals under 12 months that are not tested require clear results from both tested parents (or dam when AI from imported straws). Copies of the tested result should be attached to the signed goat health statement and submitted with entries via email. The test results must show the entered goat by name and/or ear tag. **Signing of your entry form indicates that you and any person participating with you, agree to the following inclusions;**

I/we accept responsibility for checking the catalogue and having corrections made prior to judging; agree to follow the Stewards direction at all times; agree to ensure a safe environment for entries, exhibitors, spectators, officials and all others; and we declare that our animal/s meet the JD/CAE negative tested/accredited requirements and declare that they have not been in contact with or in the proximity (2) of untested animals (3) nor in contact with the uncleaned and non-disinfected facilities, vehicles or equipment used by any non-accredited herds or untested animals. Any milk used to feed kids must come from accredited herds or be pasteurized or spray dried (4).

NOTES: (1) Negative test to JD/CAE within 12mths (or kids up to 12 months - require parent clear test results). A copy of laboratory test results with animal's names/tags or if not available, a copy of the laboratory test results with a letter from the veterinary surgeon who collected the samples with the goat's names/tags/identification methods or copy of the relevant accreditation certificate to be provided to the Stewards on request. Any laboratory test result that shows a positive or inconclusive result must be further investigated by a veterinary surgeon and this positive/inconclusive report must have attached to it the final report of such investigation e.g. a negative faecal test for JD or subsequent negative blood test for CAE.

(2) animals are not permitted to make contact with untested animals - unloading/loading; walkways; pens; yards; feed/water receptacles; equipment; transport; show ring; etc. at any time or testing is void. Contact is defined as being within 2 metres unless separated by a solid barrier. (3) animals: goats; sheep; deer; cattle; camel; bison; llama; alpaca

(4) Goats that have been in contact with animals (3), their manure or unpasteurised goat's milk from non-accredited sources must be held in isolation and be blood tested twice at an interval of 6-12 months. For clarity attending any non-MGBA shows that allows untested animals will be classed as having been in contact with untested animals.

CONDITION OF PARTICIPATION: It is the responsibility of the exhibitor to comply with these biosecurity and welfare measures whilst participating in any MGBA show. 1. Provide adequate supervision of their animals at all times. 2. Restrict animals to designated areas by penning or tethering when not being led. 3. Promptly remove all faecal materials regularly to provided plastic lined bins. This is particularly important in laneways and judging areas. (It is the responsibility of each exhibitor to clean up after their animal). 4. Equipment must be cleaned and stowed when not in use. 5. Sick animals not permitted on grounds. 6. Accredited studs are responsible for putting in place their own measures to comply with their accreditation scheme. It is not the responsibility of the MGBA or show society to provide such measures. **In interpreting the show/event regulations, any decision made by the show committee/manager is final and no correspondence will be entered into.**

**All exhibitors/participants are responsible for arranging their own public liability insurance and other insurances. This Association or any of its representatives will not under any circumstances hold itself/themselves liable for any accident, loss or damage and it shall be a condition of entry/participation that each exhibitor/participant shall hold MGBA and anyone associated with the organisation/conduct of event, blameless and indemnify it against any legal proceedings arising through any accident, loss, non-delivery or damage whatsoever.**
